

## Jonathan Jarrett

Hometown: Spartanburg, SC

Bio: Jonathan Jarrett was actually the very first single team member to travel with the Galkins and Coffeys—in the spring of 2007, he took a semester off of school to travel as the team pianist. He graduated with his undergraduate in Church Music from Bob Jones University, and then served as a Graduate Assistant teaching piano at BJU while earning his Masters in Church Music, which he received in May of 2010. He will be working with Laura and the technology aspect of our team, including powerpoints and the sound system.
