

Pastor Les Heinze

Will and Christy Galkin are a couple that could be greatly used in any area of ministry, but have followed God's calling into the work of evangelism. Will is loved by the people of South Sheridan Baptist Church because they sense that he really cares for people. Will has brought people to Christ through his personal soulwinning as well as brought people out to the services through his anointed, powerful preaching. Christy's unusual musical ability and sweet personality endears her to the people that are under her ministry as well.

I have been here at South Sheridan twenty years and I think our people need challenging more than ever, pastors need encouragement more than ever and we need the help of evangelists now more than ever! So, I recommend Will Galkin to you as a man sent from God to help the local church.

Pressing on,

Pastor Les Heinze
