

Jonathan Edwards on the Pilgrim

The Christian Pilgrim was preached by Jonathan Edwards in 1733. His message is a challenge to those of us who name Jesus as our Lord, to live in light of another country - Heaven. I know this message has been a great challenge and a blessing in my own life. So I hope and trust that this will be both an encouragement, and an admonishment for your walk with Christ. May we live with eyes of faith; seeing things not yet seen. - [Click here](#) to read excerpts from this sermon.
